

ASIAN TENNIQUOITS CONFEDERATION

Unity Through Sport Across Asia

Dated this 17th day of April, 2026

At the request of the mail dated 16th day of April 2026

Subject: Grant of Affiliation to TKFI

Dear President/ Secretary- TKFI

The Tennikoit Federation of India (TKFI), being one of the founding members of the global governing body for the sport of Tenniquoits, has played a pivotal role in the development and promotion of the game both nationally and internationally. As a responsible and active national federation, TKFI has consistently worked towards the growth of Tenniquoits across India by organizing national championships, coaching camps, and grassroots development programs.

The Federation was associated with the Asian Tenniquoits Confederation (ATC) and maintains a strong and cooperative relationship with the continental body. Under the presidency of Mr. Rajeev Sharma (J&K, India) for the tenure from February 2025 to February 2028, the ATC has been actively working to expand and standardise Tenniquoits across Asian countries.

TKFI's affiliation with the ATC reflects its commitment to international standards, collaboration, and the overall advancement of the sport. Through this affiliation, the Federation ensures that Indian players and officials are aligned with global practices and are provided opportunities to participate in international events, thereby elevating the standard and recognition of Tenniquoits in India.

In reference to wishes

Vijay ST.

President – ATC
